

Abyss of Abundance

© Kim Berry 2023

Verse 1

In this world of strife and broken dreams
We feed our greed with material things
Craving possessions wealth and fame
Does it bring contentment or despair and pain?

Chorus

Flames burn in the abyss of abundance
Sparks fly for desire of pleasure and greed
Will it fill our heart with substance
Abyss of abundance make us scream and bleed

Verse 2

Wealth can't fill a bottomless void
Where the more you have the less you enjoy
And the lure of power is conjugated
With thirst for more that can never be sated

Bridge

The more we take the more we crave
The more we have the more we slave
Sinking deep in the eternal abyss
Paying the price but can't buy bliss
